# Healthcare Regulatory Transformation in Singapore

**Mr CHAN Weng Chee**

Deputy Director (Health Information Protection Office),  
Health Regulation Group, Ministry of Health, Singapore

An initiative of

**FORWARD** 

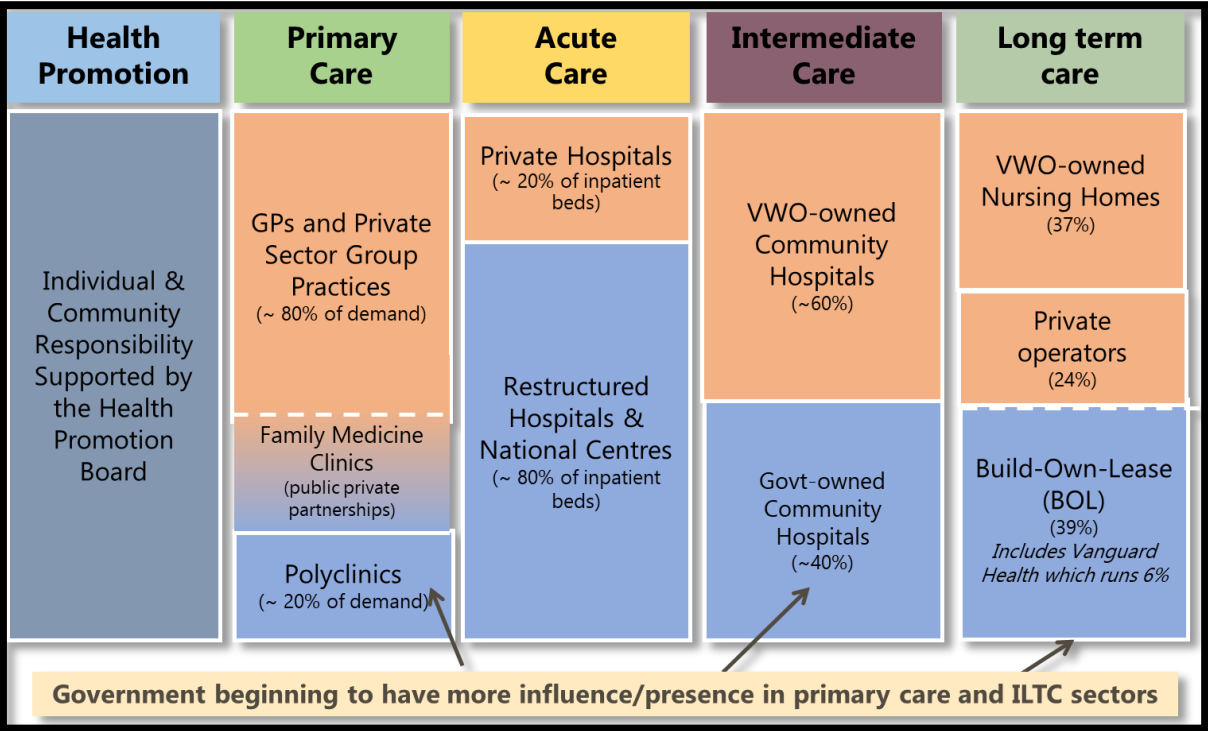

# Fun Facts about Singapore

Total Population (2024 est.): **~6.036 million**  
Land area: **735.6 km<sup>2</sup>**

# How Singapore's Healthcare System is Organised

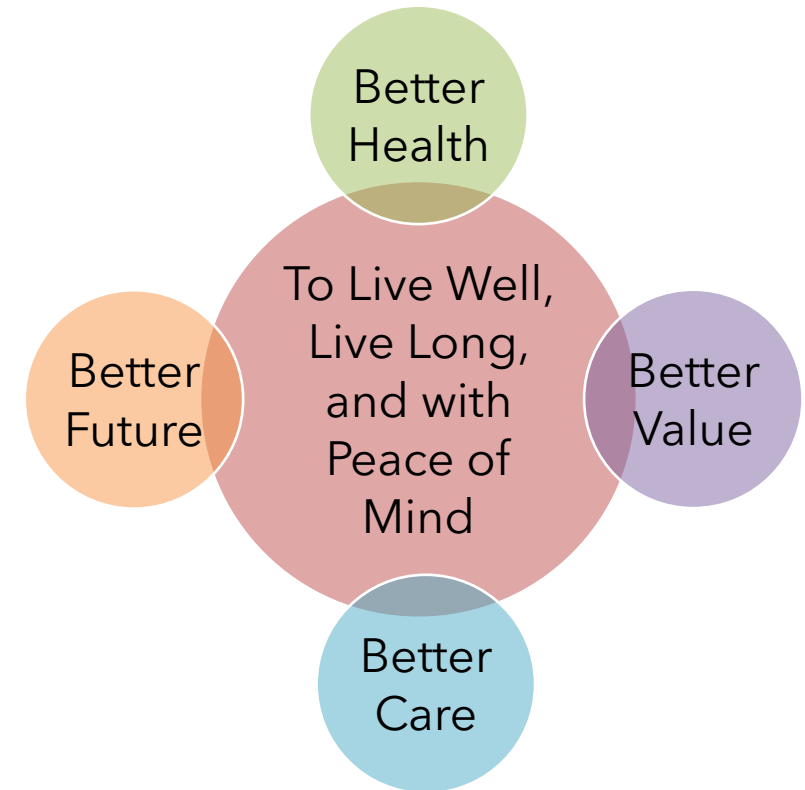

# Our Healthcare Family is Aligned to a Shared Vision

## MOH's Vision

Championing a healthy nation with our people – to live well, live long, and with peace of mind

## MOH's Mission

- Promote Good Health and reduce illness
- Ensure access to good and affordable healthcare
- Pursue Medical Excellence

# We set out to understand if we are future-ready as health regulators by understanding our current context.

## Singapore's Healthcare Regulatory Landscape is currently segregated into Three Domains

### Health Services & Data

MINISTRY OF HEALTH

*To safeguard and improve the safety and welfare of the public in our evolving healthcare landscape, through an effective and efficient regulatory regime for health services & data*

### Health Products

*To ensure standards of safety, quality and efficacy throughout the product life cycle are met.*

### Health Professionals

*To uphold standards on professional conduct and ethics, supported by the Secretariat of Healthcare Professional Boards (SPB).*

# Several emerging areas of concern warranted a relook at how Singapore organises our healthcare regulatory functions

New & emerging health tech and service models

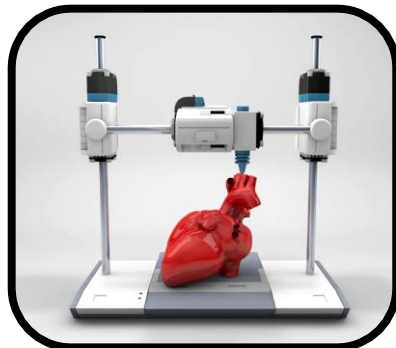

Shift from hospital based care to community

Fragmentation in healthcare regulations

Need to recruit, retain and attract future-ready health regulatory talent

Need to ensure efficiency when managing cross cutting health regulatory issues

# Our Vision: “One-Stop” Centre of Regulatory Excellence

❑ Greater policy & operational alignment across regulatory domains.

## ✓ Our Stakeholders

Single regulatory touch point for our stakeholders (e.g. licensees, citizens)

## ✓ Our Partners

Single touchpoint for our partners (i.e. other Government agencies & Statutory Boards) for health regulatory matters.

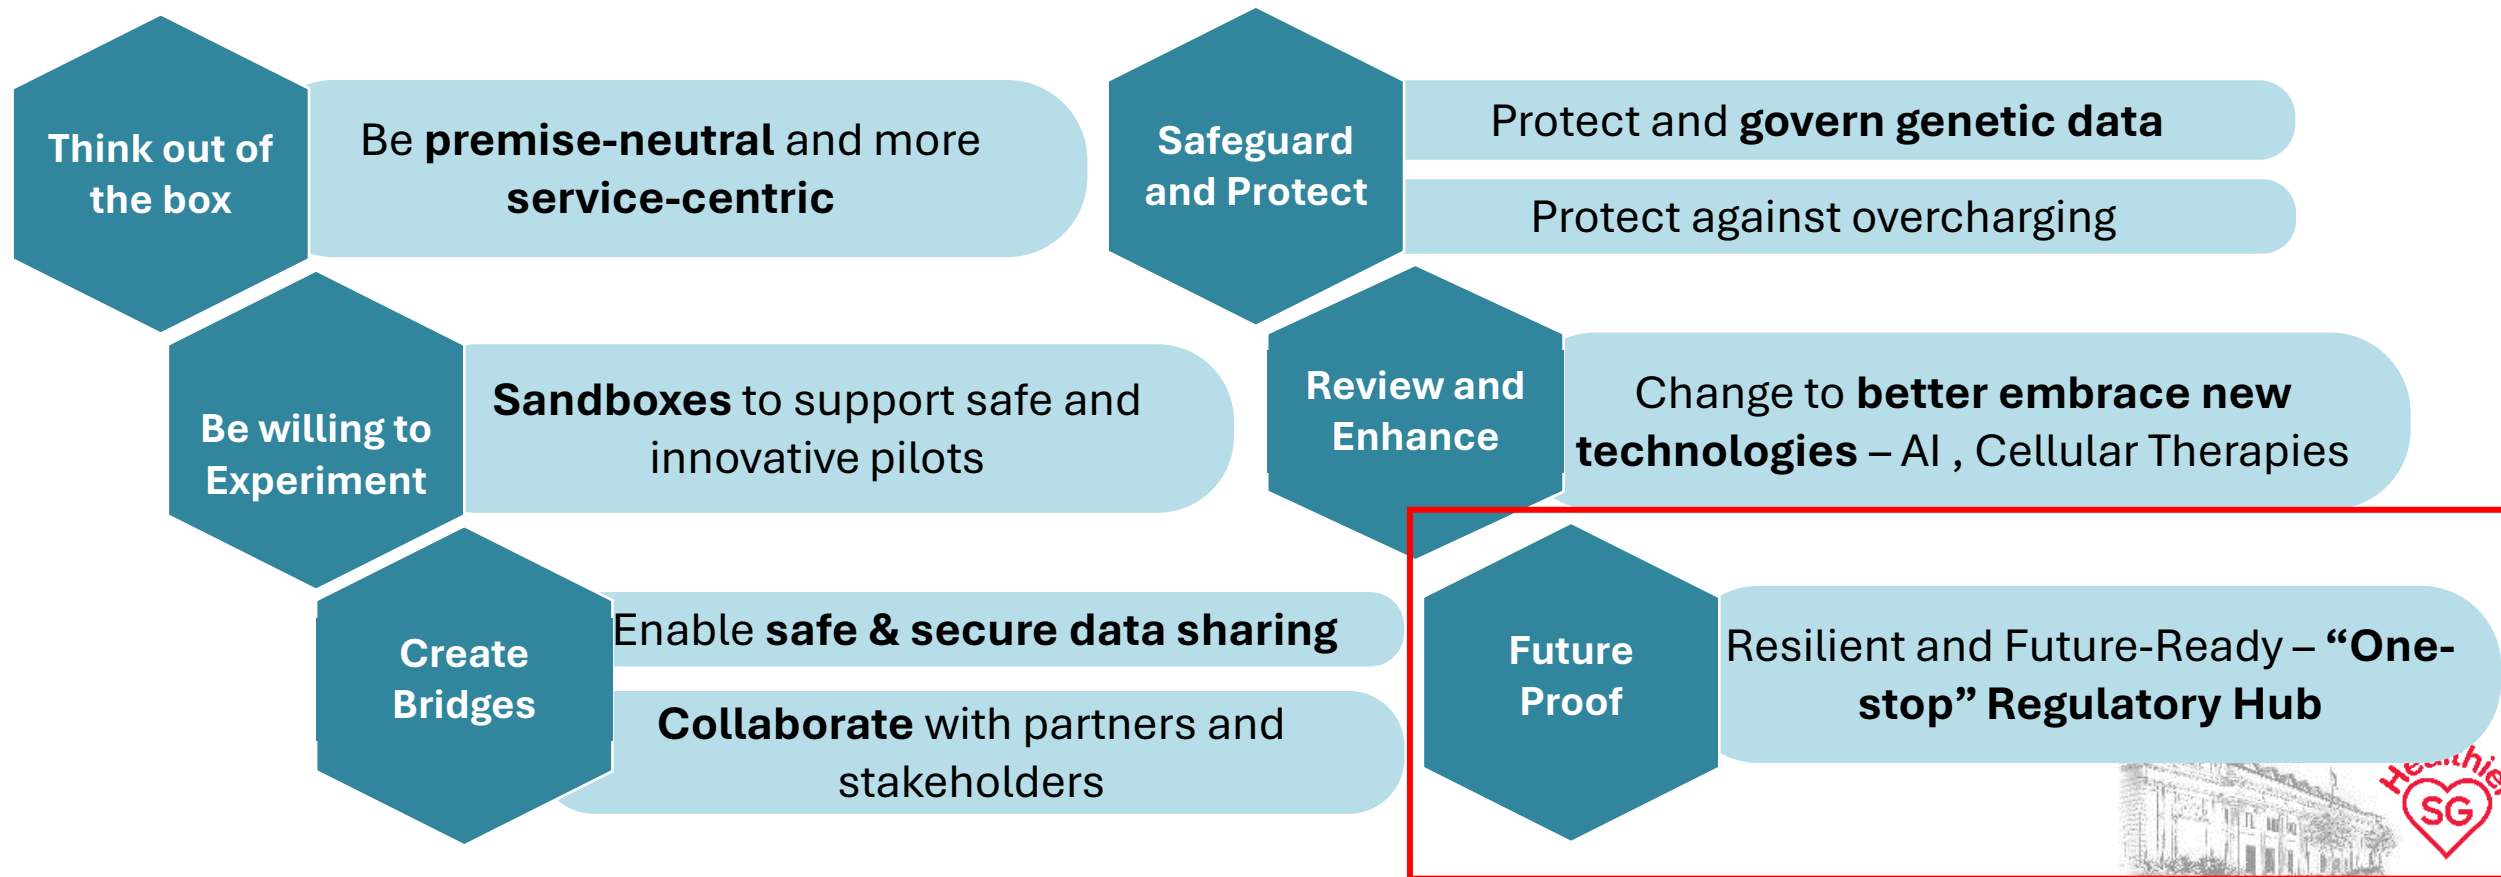

## ✓ Our People

Greater opportunities to take on new roles, develop new skills and access a wider range of resources for professional growth and career progression as regulatory specialists and leaders.

# Transforming Singapore's Health Regulatory Ecosystem

- ❑ To ensure our healthcare system progresses in tandem with technological advancements and to better serve our populations' evolving health needs, regulators need to:

# Collective Approach towards Transforming Regulation

# CHANGE

is hard at first,  
messy in the middle  
and gorgeous at  
the end.

~Robin Sharma

# Thank you
