

## STRUCTURE OF THE DOCTORAL STUDY SUBJECT

Title of the subject	Field of science (branch) code	Faculty	Department
<b>Theoretical and Practical Problems of Labour Disputes</b>	Law (01 S)	Law	Private Law
Study method	Number of credits	Study method	Number of credits
Lectures	-	consultations	2
Individual work	4	seminars	-
Subject annotation			
<p>The subject of Theoretical and practical problems of labor disputes is devoted to in-depth studies and analysis of the institute of labor disputes, with a special focus on the critical study of the legal regulation and practical implementation of this institute, during which the unity of the labor dispute system is analyzed. During the study of the subject, the theoretical aspects of the concept of labor disputes, the concepts of structural elements and legal-social features are analyzed.</p> <p>Topics are analyzed: the concept of labor disputes, features of labor disputes, the system of labor disputes, types of individual labor disputes, labor dispute resolution procedures.</p> <p>After studies of this subject, the doctoral student will acquire complex knowledge of the system of labour disputes and its characteristics, which would allow the formation of a critical theoretical approach to labour conflicts and the peculiarities of legal regulation of their resolution and create preconditions for the doctoral student's independent theoretical approach.</p>
